

Middle School Extemporaneous Speaking Topics 2024

1. Discuss how agriculture could be impacted in the future by outside forces (consumer preferences, environmental issues, new technologies, etc.)
2. Describe two or more practices that agriculturalists are using to help feed a growing population.
3. Discuss the importance of safety in agricultural occupations.
4. Discuss the components of a food production system.
5. Name a common misconception about the agricultural industry. Discuss why this misconception is harmful and explain how this could be fixed.
6. Describe at least three ways that being in FFA has benefitted you personally.
