

Kentucky FFA Middle School Essay Contest

2026 Topic

Theme: Bound for More

Background: Since 1928, FFA has worked to prepare young people to lead the agriculture industry. In addition to leading changes in the agriculture industry, FFA members have served as leaders in government, civic organizations, and communities across the nation.

This year's State Convention theme reminds members that:

Every member has unlimited potential for growth when they are driven by purpose. No matter what path life takes us down, our purpose (how we hope to impact and serve others) drives us toward something bigger than ourselves. We are Bound For More.

Prompt: How can FFA members use what they learn in the organization to make a real, positive difference in the agriculture industry, local communities, and groups and organizations that they are a part?
